We've had plenty of rain, but our reservoirs are not yet replenished. How can we help? Shorter showers? Wash up only once a day? Only use the washing machine and dishwasher when full? What's your tip? *Viviane*

**World Toilet Day** takes place every year on **19 November** – and it's the most important day in the year for **Toilet Twinning**, going on a **#big push** for the 1.7 billion people who still don't have a safe, life-saving loo.

On the subject of **TOILETS**, with the church now in daily use for more people, there is a need for more frequent attention to both sets of toilets. Many hands make light work, so please volunteer if you are able.

## REMEMBRANCE SUNDAY

13 NOVEMBER 2022

Here we see the traditional imagery of apocalyptic end-time literature. Imagine the glory of your nearest cathedral. Imagine, if you dare, what it might look like in ruins. Then you will get a sense of the seismic shock when the Romans destroyed the temple at Jerusalem in AD70 – the glory departed. Early Christians lived in the shadow of that event, and also knew what it was to be persecuted. In fact there is no Christian century in which the Church has not known persecution: hear then the power of Jesus' reassurance – 'by your endurance you will gain your souls'.
