ECO-Tips for March: Celebrate Spring! Make sure you're giving yourself quality time enjoying creation: smelling the blossom, tapping catkins, copying bird song, finding a footprint or identifying spring flowers with the Pl@ntNet app. Nature can boost our happiness so take time to observe nature in your gardens, on your balconies, and in your local green spaces.

2nd SUNDAY of

5 MARCH 2023

Lent

In a conversation that takes place in the dark hours of night, Jesus speaks in metaphors and contradictions, answering Nicodemus' questions so mysteriously that more questions keep arising. But among what must have felt like baffling talk of spirit and flesh, serpents and new birth, one sentence stands out, clearly and boldly asserting the fundamental truth that God's self-giving love for the world is beyond our imagining, but is being made real in Jesus Christ, the light that the darkness could never overcome.
