September sees the return of our afternoon and evening services on the First Sunday. In the Family service we will be focussing on welcome and Christian hospitality. Happily we will be welcoming our new helpers, William to play music, and Jane as one of our team on refreshments this month. We still have vacancies for refreshments in November and December.

ECO CHURCH "Food for Thought" A recent study by the UN FAO showed that the carbon footprint of wasted food currently stands at 3.3 gigatonnes. Which means that if food waste was a country, it would be the 3rd highest carbon emitter on the planet after the US and China.

Around 10% of the UK's carbon footprint comes from food that is never eaten. For every tonne of food that we stop from going to waste we stop 4.2 tonnes of CO2 from being emitted into the atmosphere. *from "Open Kitchen" (Manchester)*
